What and Who is Covered and for How Long

Table with columns: Product, Warranty Period, Wind Warranty, Reduction Figure, Liability Figure. Lists various shingle products and their specifications.

Provided shingles have been installed in strict accordance with CertainTeed written installation instructions, CertainTeed warrants to the original property owner/consumer that its asphalt roofing shingles will be free from manufacturing defects for the length of time specified in the table above, and that CertainTeed will repair or replace any shingles proven to be defective under the terms of this warranty.

In addition, CertainTeed warrants that Grand Manor Shingle, Centennial Slate, Presidential Shake TL Ultimate, Landmark TL Ultimate, Carriage House Shingle, Presidential Shake AR, Independence Shingle AR, Hatteras, Landmark Premium AR, Landmark Plus AR, Landmark AR, Patriot AR, Classic Horizon AR, Firehale AR, XT 30 AR, XT 25 AR and CT 20 AR shingles that were sold as "algae-resistant shingles" will remain free from algae growth which adversely affects the overall appearance of said shingles for a period of ten (10) years.

Should any shingles prove to be defective or contaminated following completion of shingle application, CertainTeed's maximum contribution toward the cost to the homeowner/consumer of repairing, replacing or cleaning said defective shingles shall be calculated in accordance with the preceding table, using the per square liability figure set forth in the table, and by then decreasing that amount by 1/600 with respect to Grand Manor, Centennial Slate, Presidential Shake TL Ultimate, Landmark TL Ultimate, Carriage House, Presidential Shake, Landmark Premium, Independence; by 1/480 with respect to Hatteras, Landmark Plus and Hallmark; by 1/360 with respect to Landmark, XT 30, Classic Horizon, New Horizon; by 1/300 with respect to XT 25, and Firehale;

and by 1/240 with respect to CT 20 and Firescreen for each month of service as measured from the date of installation of the shingles to the date when proven defective.

In the event of repair, replacement or cleaning pursuant to the terms of this warranty, the original warranty shall apply to the replacement shingles or the repaired or cleaned shingles and will extend for the balance of the warranty period in effect at the time the shingles proved defective.

Limitations

- 1. This warranty provides protection against any shingle defects that arise in the course of ordinary and everyday wear and tear to the roof caused by normal exposure to the elements. It does not provide protection against damage caused by situations and events beyond normal exposure conditions, such as, but not limited to: a. Defects or failure caused by application of the shingles not in strict adherence with the written instructions of CertainTeed. b. Any damage to the shingles caused by winds greater than those listed in the preceding table for each product, lightning, hurricane (see "Limited Wind Warranty" for hurricane wind exception), tornado, hailstorm, earthquake, fire, explosion, flood or falling objects. c. Defects or damage caused by materials used as a roofing base over which the shingles are applied, damage to the roof caused by settlement, distortion, failure or cracking of the roof deck, walls or foundation of a building, or by traffic on the roof. d. Damage caused by alteration after completion of the application of the shingles, whether such alteration be by structural additions, changes or replacements, or by equipment installation (including, but not limited to, aerials, signs, water towers, fan housings, air-conditioning equipment and television antennas). e. If the applied shingle contains self-sealing asphalt strips, and if any of the strips fail to properly activate within the first year following the date of application of the shingles, CertainTeed shall have no liability under this warranty for such a defect unless the requirements pertaining to written notice to CertainTeed (found under "What the Customer Must Do") are met, and CertainTeed has been afforded the opportunity to hand seal, at its sole expense, any non-sealing shingles. f. Stains or contamination to the shingle arising from sources such as, but not limited to, moss, lichens or other vegetation, or paints, chemicals or other similar materials, unless the applied asphalt shingle was sold as an algae-resistant shingle, in which case CertainTeed will clean, repair or replace, at its option, per the terms of the warranty, only such shingles which are proven to be contaminated with algae during the term of the warranty against algae growth. g. Some colors are more apt to fade due to exposure to sunlight than others, including but not limited to Ocean Blue. h. CertainTeed limits its warranty protection to a ten (10) year duration (from date of completion of shingle application to the end of the tenth year of service) for any shingles applied to any non-ventilated roof deck systems. This warranty obligation is subject to the liability figure shown on the table and is decreased by the reduction figure shown on that table. 2. CertainTeed reserves the right to discontinue or modify any of its products, including the color of the shingles, without notice to the homeowner/consumer and shall not be liable as a result of such discontinuance or modification, nor shall CertainTeed be liable in the event replacement material varies in color in comparison to the original product as a result of normal weathering. If CertainTeed replaces any material under this warranty, it may substitute products designated by CertainTeed to be of comparable quality or price range in the event the product initially installed has been discontinued or modified. 3. This warranty does not pertain to shingles installed within the boundaries of the United States of America, its territories, and Canada.

Limited Wind Warranty

CertainTeed warrants that its shingles will resist wind blow-off damage due to wind velocities, including gusts, up to the maximum per product listed in the preceding table (including hurricane winds, for Grand Manor, Centennial Slate, Carriage House, Presidential Shake TL Ultimate, Landmark TL Ultimate, Presidential, Independence & Hatteras shingles) during the five (5) year period following application of the shingles.

If any such blow-off damage does occur during the first five (5) years of service after application of the shingles, CertainTeed will furnish replacement shingles without charge for those shingles damaged (subject to the provisions of paragraph 1 (b) under "Limitations" set forth above). This five (5) year Limited Wind Warranty does not cover the labor costs for removal or disposal of damaged shingles or application of the replacement shingles. In the event the shingles involved contain self-sealing asphalt strips, paragraph 1 (e) under "Limitations" set forth above will apply during the first year after application.

Any costs in excess of CertainTeed's contribution shall be the owner's responsibility through homeowner's insurance, etc.

What the Customer Must Do

The original homeowner/consumer must notify CertainTeed in writing of any manufacturing defect or fungus or algae contamination promptly following its discovery, and shall submit with such notice proof of date of purchase and application in order to provide CertainTeed an opportunity to investigate the claim and examine the material alleged to be defective. Any claimed defect for which notice is not received by CertainTeed within the applicable warranty period is not covered by this warranty.

Notification should be provided to CertainTeed Corporation, P.O. Box 860, Valley Forge, PA 19482, Attn: Export Division.

CertainTeed shall then promptly inspect shingle samples containing the alleged defect and if such examination does disclose a defect covered by this warranty, shall, within a reasonable time after inspection, repair, replace or clean the defective shingles or make the appropriate contribution toward repair, replacement or cleaning in accordance with the preceding paragraphs.

Other Conditions

- 1. This limited warranty is not transferable. 2.
