CENTENNIAL SLATE™
Luxury Shingles

Shown in Smokey Quartz

CertainTeed 
Quality made certain. Satisfaction guaranteed.™

Traditional styling meets contemporary design.

Centennial Slate has a look like no other.

A slate roof. The very idea suggests stateliness, charm and enduring beauty. And now, thanks to Centennial Slate luxury shingles, you can give these old-world characteristics to your home, but at a real-world cost. It's well-suited to a range of architectural styles—classical, revival or contemporary. But on any home it adorns, Centennial Slate is timeless and elegant.

Here's why Centennial Slate stands out:

Precision Color Technology™ Through our patented color application process, your Centennial Slate shingles will replicate the truly beautiful colors of blended slate—and with extraordinary accuracy.

Deep shadow lines We've applied distinct dark edges to each tab of our Centennial Slate shingles. It's a design innovation that will give your roof the dramatic shadow lines which duplicate those found with blended slate.

Lasting protection Constructed of the industry's strongest materials, Centennial Slate provides four full layers of protection to last a lifetime. And thanks to StreakFighter™ it will also safeguard your roof from the streaking and discoloration caused by airborne algae.

Of all the reasons for choosing Centennial Slate—the authentic colors, the durability, the lasting beauty—it's hard to say which is truly the most compelling. But it's easy to imagine just how amazing your house is going to look.

New England Slate

Roofs are big. Color is important. Choose wisely.

1. **Think big**—View a full-sized shingle, not just a swatch or sample.
2. **Be real**—Look at actual houses where the house/roof color combinations are similar to what you're considering.
3. **Watch the light**—As you look, notice how colors appear under changing light conditions and at various times of day.
4. **Consider the pitch**—Look for roofs with a similar pitch to your own. A roof's pitch affects the way you see its color.
5. **Ask your contractor**—They might be able to point you to a home where they've installed a roof of your style and color.

Color Companion Products™

Want it all to match? CertainTeed offers Flintlastic™ SA, a low-slope roofing product that goes perfectly with Centennial Slate shingles. It's available in several colors, giving you the flexibility to coordinate or match areas such as porches, canopies and carports with your main roof.

Integrity Roof System.™ Give your home the best protection.

WinterGuard™

Waterproofing underlayment prevents leaks caused by ice dams and wind-driven rain in vulnerable areas.

Roofers' Select™

High-performance underlayment is a secondary barrier against leaks for the entire roof.

Shingles and Accessories

High-quality shingles are covered by one of the best warranties in the business. Accessory products—starter course, and hip and ridge cap shingles—complete your roof from start to finish.

Ventilation

Proper attic ventilation improves air circulation.

Enjoy the extra confidence of SureStart™ protection

Your Centennial Slate warranty is strong on its own. But, you also get the added confidence of SureStart protection. That simply means if any problem due to a manufacturing defect occurs within the first 10 years, call us. Upon inspection, we'll cover labor and material replacement costs at 100%.

Add a little accent to your roof.

For an extra finishing touch, CertainTeed offers Shangle® Ridge™ an added accessory for capping hips and ridges. It comes in several colors, meaning there's one to coordinate with your Centennial Slate shingles.

Easy selection. Long-term protection. And a #1 rating with building and remodeling professionals.

What's behind our #1 rating?

Builders and remodelers across America know certain things to be true of CertainTeed. For starters, we've been in the roofing business for over 100 years, and we have thousands of satisfied homeowners. The process of building that satisfaction begins the moment you turn to us.

CertainTeed offers you the broadest range of color and style choices. But you'll see it's not style over substance. You'll get a roof that's made from the highest quality materials and backed by a strong warranty program. It's our promise to you: quality made certain, satisfaction guaranteed.

Not sure which color to pick? Check out CertainTeed's ColorView.

ColorView is our interactive tool to help you visualize product style and color options. Using it is easy (and even a little fun). Just go to certainteed.com/colorview.

You've got questions? For answers, or to find the professional contractor nearest you, call our Consumer Hotline at 800-782-8777.

Lifetime limited transferable warranty, including 10-year SureStart™ protection, is applicable only in the United States, its territories and Canada; for products sold outside these areas, please refer to the International Warranty for specific details and limitations.

NOTE: REPRODUCTION OF COLORS throughout this publication is as accurate as modern printing will permit. Colors are subject to changes by granule manufacturers.

WARNING: FOR LOW-VOLUME RAIN AND SALT-FOG AREAS
In areas of low-volume rain (defined as insignificant rainfall during 90-day period) and "salt fog", such as parts of the Southern California coastline, copper released by algae-resistant (AR) granules can react with the aluminum in gutters, leading to severe corrosion of the gutters. Therefore, in such regions, it is strongly recommended that aluminum gutters not be used with algae-resistant shingles. Vinyl or copper gutters are recommended.
